

## WAR SUMMARY

While both the Vienna and Berlin war offices announce merely a continuation of the fighting on the Transylvanian front between the Austro-German and the Rumanians, the Rumanian army headquarters reports that in the Alt River region the troops of King Ferdinand have occupied several positions held by the Teutonic allies. On all the sectors of this front, according to Bucharest, attacks were repulsed by the Rumanians, except in the Bursen valley, where the Rumanians were compelled to withdraw slightly further south.

Hard fighting is going on from the west of Lutsch, through Galicia to the Carpathian Mountains. In Volhynia, despite fierce attacks by both sides, there seemingly is a stalemate. Petrograd reports that neither the Austro-Germans nor the Russians have been able to gain an advantage in Galicia, where battles have taken place along the Tarnopol-Krasne railroad, east of Lemberg and to the north of Stanislaw.

Several small successes for the Austro-Germans have been attained in the Carpathians. The big guns of both sides of the Somme in France did the greater part of the work Monday. To the south of the river, however, a small wood between Genemont and Ablaincourt and 110 prisoners and three guns fell into the hands of the French. A violent counter attack by the Germans east of Berny-en-Santerre was repulsed by the French.

On the Macedonian front the British troops have reached the village of Bursuk, eight miles southwest of Demir-Hissar. Along the Cerna River and north of Nidje mountain forces of the entente allied troops attacked the Teutons, but were repulsed. The provisional government of Greece formed on the island of Crete has been formally recognized by the entente powers.

### CIDER AND BEER REPLACE

**WINES IN PARIS HOMES**  
WASHINGTON, Oct. 16.—Cider and beer have taken the place of wines in many Parisian households, according to figures from American consuls which show that during August 20,000,000 less quarts of wine were brought into Paris than in August, 1915. Approximately 6,000,000 more quarts of cider and beer were brought to the city.

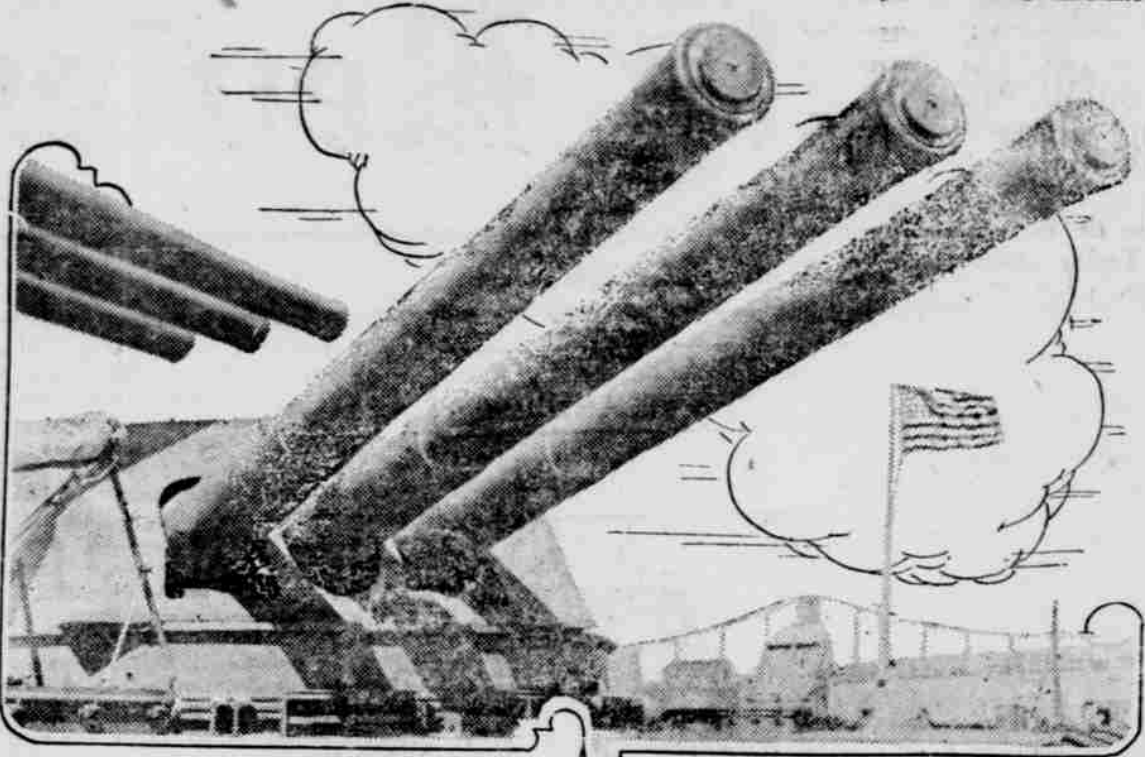

The dispatches tell of a meat shortage in Paris.

### HURRICAN ON GULF

#### OF MEXICO REPORTED

WASHINGTON, Oct. 16.—Shipping was warned again today by the weather bureau against a hurricane moving across the Gulf of Mexico. The disturbance was central tonight off the northwest coast of the Yucatan peninsula with a wind velocity of 74 miles an hour. The storm continues to move in a northwesterly direction.

## HUGE GUNS ON NEWEST U. S. BATTLESHIP HURL 14-INCH SHELLS

Forward turret guns of 14-inch calibre on battleship Pennsylvania.

The main battery of Uncle Sam's newest and biggest battleship, the Pennsylvania, consists of twelve 14 inch guns of the latest type, all of which can be fired at a single broadside either to port or starboard.

## BABIES MASSACRED IN RECENT ATTACK BY VILLA, CLAIMED

### Carranza Paper Pictures Most Terrible Scenes of Countless Fiendish Acts Attributed to Bandits.

(By Review Leased Wire)  
EL PASO, Oct. 16.—Villa's attack on Cusuhuirachi is described by survivors in an article printed by El Democrita, in Chihuahua City, as accompanied by horrors without parallel in the recent revolution.

Women and children fell as well as men in the massacre. The survivors told of the case of a woman who, because she had nursed the wounds of General Garza, was shot and wounded and with her new born child, was soaked with petroleum and burned to death. Villa is reported as turning a deaf ear to all supplications for mercy.

"We are informed," said the paper, "that the people in the section are frightened to such an extent that they do not sleep in their houses, but seek refuge in the woods or in the interior of mines. If there were means of communication, that part of the state would be soon depopulated such is the horror of the people for the bandits."

Copies also reached El Paso, of a printed appeal for aid from the charity society of Zacatecas. Verifying the stories of disease and starvation there, the appeal said typhus caused 2000 deaths in the past four months.

## RHEUMATISM AFTER HIS DAY'S OUTING

### Hunting Trip On a Wet Day Brings Painful Results.

Once upon a time Charles Mullen, of Philadelphia, went gunning. It was a dismal rainy day, and long exposure to cold and wet brought on a severe attack of rheumatism. He was confined to his home.

A friend recommended Sloan's Liniment, citing his own case as evidence of its effectiveness. Mullen bought a bottle and applied it to his aching limbs. Soon improvement was noticed and he was able to return to business.

Mr. Mullen writes: "Since that experience I have never been without Sloan's Liniment in the medicine chest." You will find it soothes bruises, sprains, toothache and relieves lame back, neuralgia, in fact all external pains. At all druggists, 25c., 50c. and \$1.00 a bottle.

## 3 FEDERAL COURT JUDGES SIT UPON COPPER QUEEN CASE

### Greatest Legal Battle State Has Ever Known Centers About Attempt to Revoke Copper Queen Charter.

PHOENIX, Oct. 16.—For the first time in history of federal courts of Arizona, three judges sat en banc here today to hear arguments in the suit of the Copper Queen Mining Company to enjoin the state corporation commission from revoking its charter for the alleged violations of the statute prohibiting the removal of a case from a state to a federal court without consent of the other party.

Judge Wm. W. Morrow of the ninth circuit court of appeals of San Francisco, presided. He organized the Arizona court shortly after statehood and before an Arizona justice was named. Judge Wm. C. Van Fleet of the northern California division of the United States district court, and Judge Wm. H. Sawtelle, of the Arizona court, sat with him. The Copper Queen alleges the unconstitutionality of the statute and prays for an interlocutory decree. The decision will be rendered tomorrow.

In the afternoon an impressive array of leading lawyers of the state were present when resolutions were read into the minutes of the late Judge Edw. Kent.

## NATIONAL MEDICAL EXAMINERS MEET

### Officials Examine Many Doctors, Hoping to Standardize the Profession.

(By Review Leased Wire)  
WASHINGTON, Oct. 16.—Examinations of medical graduates were begun here today by the National Board of Medical Examiners, for the purpose of furthering operation of a plan for standardizing requirements for medical practice through a national system of certification. Certificates issued by the board will not carry a license to practice medicine, nor exempt the holders from complying with legal requirements in the states in which they desire to practice, but the board declares the certificates will show high attainment in medical knowledge and it believes this soon will be accepted by state boards as evidence of qualification for license.

At present there is no general system of certification. State boards have different requirements and some certification with others. The board was formed last year. Its membership includes the surgeons general of the navy, army and public health service.

## FIRE SCARES PATIENTS OF ILLINOIS INSANE HOSPITAL

CHICAGO, Oct. 16.—Patients at the state hospital for the insane at Dunbar were terror stricken tonight when fire which destroyed four of the hospital harns lighted up the sky and for a time threatened the dormitories. Forty policemen quieted the patients.

## BOUNTIFUL CROPS ARE REPORTED BY GERMANY

BERLIN, Oct. 16.—A dispatch from Koenigsburg says the soil of East Prussia under cultivation with corn amounts to 539,000 hectares (1,317,330) an increase of 74,000 hectares (180,210 acres) over 1915, says the Overseas News Agency. The crop increased by 272,000 tons, representing the total of 27,235,000 tons.

THE test of any cigar manufacturer is: "Can he make a good 5c cigar?"

We have based our reputation on the OWL Cigar. It is one five-cent cigar which never changes in quality.

## WILSON HAS RAISED IDEA OF HONESTY SAYS MARSHALL

WILSON HAS RAISED  
COLUMBUS, O., Oct. 16.—American thought at present is undergoing a recrystallization as in 1861, parties are being broken and new alignments are being formed by the voters, with social and industrial justice as the great object, Vice President Thomas R. Marshall said in a speech here tonight before a large audience at the Franklin County Democratic Club.

Mr. Marshall said he did not propose to offer an eulogy to President Wilson, except to state that "he has created in America an atmosphere of honesty and fair play."

The eight hour day proposition is not merely political or judicial, said Mr. Marshall.

## A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

## JEROME PORTLAND COPPER MINING CO.

### NOTICE TO THE STOCKHOLDERS

Owing to certain false reports and rumors circulated in Bisbee in my absence, will positively state there is no foundation for these rumors. All I ask is that the stockholders will write to the manager, A. B. Frame, Jerome, Arizona, when all such rumors will be proved false. Not alone does the Jerome Portland own every inch of their property, but there is no claim or litigation of any description against the property. Also, owing to the formation in the shift the company has installed heavier machinery, as the showing warrants the company in being prepared for big development. At present there are three shifts of miners working sinking the three compartment shaft with four machine drills or jack hammers. With the consolidation of the Green Monster and the Copper Chief (one of the richest mines in Arizona) it has made the stock of the Jerome Portland more valuable, as the Jerome Portland adjoins both the Copper Chief and the Green Monster.

The only reason I place this notice in the paper is that the stockholders will know where and how to find out the facts relating to this property. Also, I will be very thankful to anyone who will inform me as to the origin of these reports, as I am already taking the necessary steps to stop these false representations. T. P. Esmond, Fiscal Agent, Jerome Portland Copper M. Co., Box 1056, Bisbee. (Advertisement)
